## DEVELOPMENT DEAL TRACKER

Franchise Times' Deal Tracker is a twice-monthly e-newsletter that highlights some of the latest multi-unit development agreements. Since growth is on the mind of every franchise executive, this information lets you see where franchise companies are growing and who the developers of these brands are on a local or regional basis. Right now the development world seems to be dominated by fast-casual, make-your-own pizzas, but we suspect other brands are growing as well. Send your multi-unit deals to editor Nancy Weingartner at [nancyw@franchisetimes.com](mailto:nancyw@franchisetimes.com).
